

SCRUBBER-DRYER

NR Model

Next generation machine suitable for medium/large spaces for the technical characteristics and performance it possesses. All the best and most modern characteristics of this type of machine are included on this model. It is produced in various versions based on work corridor, and offers moreover the possibility, on request, of having a separate detergent supply.

The operating noise (less than 70 dB), the water range, and the battery charge duration allow the machine to operate for both maintenance operations and thorough cleaning operations
